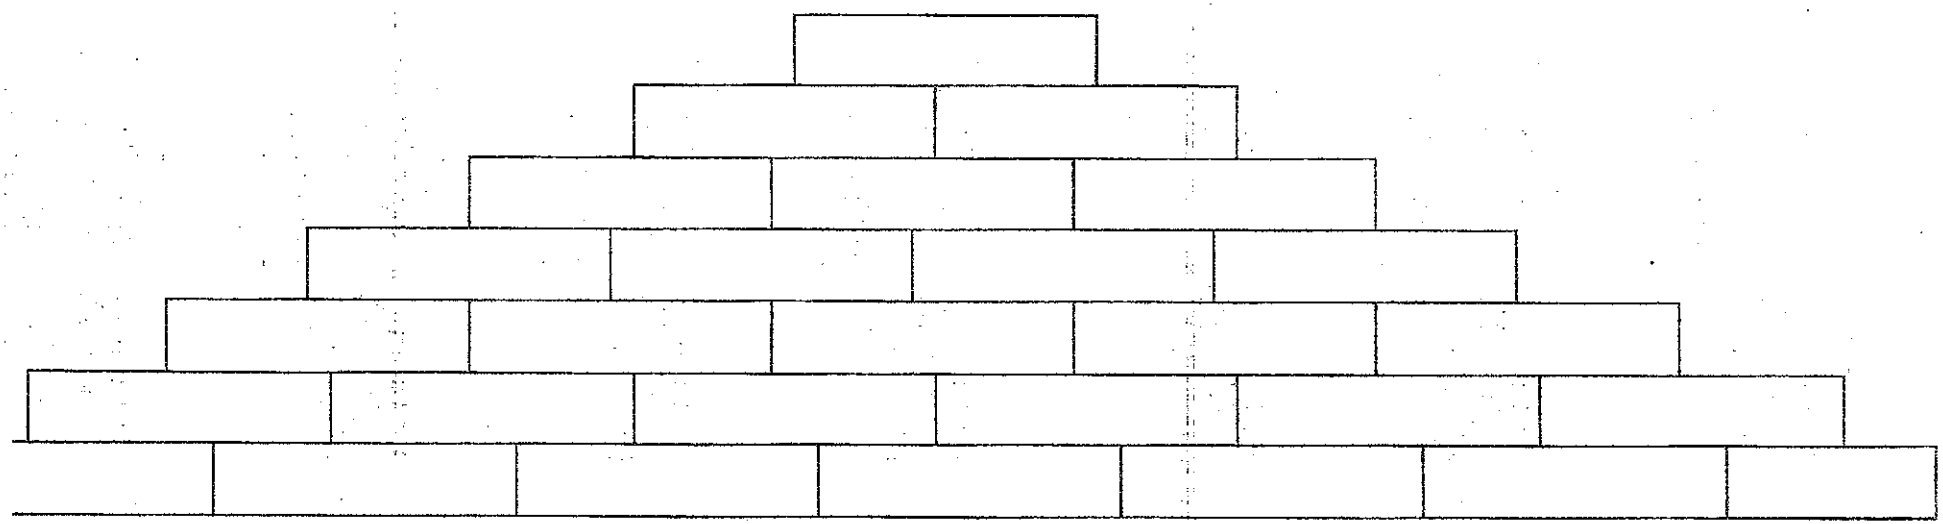
My Volcano Pyramid

Name:_____

Create a pyramid of key terms and concepts using the clues below. Each box can only contain one word and/or term!

1. Name the famous volcano that erupted in 1980.
2. Name the melted rock found under ground AND the melted rock found on top of the Earth's surface
3. Name the three types of volcanoes
4. Name 4 key features of composite volcanoes
5. Name 5 volcanoes we've discussed/studied (spelling won't count as long as I know what you mean!)
6. Name 6 parts of a volcano
7. Write a sentence describing why or how volcanoes erupt.


Name:_____ Date:_____ Period:_____
