YES

## GET JOB READY SKILLS

*With over 7000+ job openings in Arizona, entering a new career is possible. **No experience necessary.***

### THE STARTING POINT

\$16-20 per hour

With one certification

In approximately 14 weeks / study 20 hours per week

Then get higher level certs and get promoted

Don't carry college tuition debt

### JOB ROLES

Help Desk

Computer Technician

Network Engineer

Cyber Analyst

Cloud Analyst

### JOB SECURITY

Don't get laid off again. IT and cyber security jobs are not typically subject to layoffs.

During times of national crisis, hackers usually ramp up activities knowing companies and governments are distracted.

Don't wait to begin your journey.
