

# IB Math Course sequence

## In this new IB Math structure:

*Students must have completed Calculus BC to enroll*

- Students preparing for the IB Math Analysis exam **will not** register for AP Calc AB, AP Calc BC, AP Statistics
- Students need to take **both** years of the IB course in order to be prepared for the IB assessment
- Who can take these courses?
  - Any DP student
  - Any CP student
  - Any IB course candidate
