Highlights from This Week!

This week we worked together on our Flee Map making skills to help us organize and plan our informational paragraph about kangaroos. The kids were busy working hard and even completed their final copies already!

In math, we started our Chapter 2 math books. We are now beginning to work with numbers containing hundreds, tens, and ones. We learned that ten groups of ten makes one hundred!

We also continued to practice and perfect our behavior and participation during reading rotation time.

Last Friday our dean of students Mrs. DeCarlo came in and read us a story titled the Kindness Quilt. This week we decided to make our own kindness quilt by each coming up with ways we can show kindness at school.

Big Thanks

A big thank you to everyone for coming to parent teacher conferences. Your children are very special to me, and it gives me great joy to work with you as a team supporting their education! It was also nice to touch base and discuss how your child is progressing in 2nd grade!

Super Student

Danika

Next Week

Reading Text: Many Kinds of Matter

Target Skill: author's purpose

Phonics Skill: long vowels (-o and -u)

- one syllable words that follow the v-e pattern like in the words robe and flute
