

WELCOME TO TEAM 704

We are delighted to have you as a part of our team!

Who are my teachers this year...? Hint: they're "pawsitively" the best!

CLASSROOM WISHLISTS

If you wish to donate items to your classrooms, please contact the individual teacher or keep an eye out for requests. Thank you for your consideration and generosity!

TEAM "HUDDLES" [COMMUNICATION]

Team 704 will primarily communicate through email blasts using Infinite Campus Messenger and/or announcements through Google Classroom as needed. Email and Phone will be used for individual communication. When using email please ensure you use the email addresses above. Individual teachers may share Remind codes with classes for text reminders and other informal communication.

MICROSOFT, INFINITE CAMPUS, + GOOGLE CLASSROOM

Your Microsoft login information will be synced with Google Classroom, so you will use the same password. All Microsoft passwords will be reset on Monday, July 17th. Instructions to log into your Microsoft, Infinite Campus, and Google Classroom accounts will be distributed with your Chromebook.

Google Classrooms will automatically be generated for students and teachers. If you are missing a Google Classroom by Monday, July 24th please reach out to the individual teacher to be added. Each teacher will communicate with students the level of work to be completed within each individual Google Classroom.

TEAMWORK MAKES THE DREAMWORK

From time-to-time, parent volunteers may be requested in the classroom for support, guest speakers, or as field trip chaperones. Those opportunities will be communicated with as much notice as possible. Please consider assisting us with enhancing the learning experience of your child and all students by participating in these opportunities as they arise.

If you have any questions or concerns, please reach out to a teacher. If you are unsure who to direct your question to, please contact the team lead. We are happy to help! It is going to be a great year.
