

# Dog Report

Homework Due Friday, August 30

Use books or the internet to research how to take care of two different types of dogs.

Then, answer the following questions.

1. Name of two different types of dogs.
2. Characteristics of the dogs.
3. Three or more things that are the same about the two dogs.
4. Three or more things that are different about the two dogs.

Complete the bubble map with the information from your research. Then, "Take it off the Map" and write the information in complete sentences to create a dog poster. Be sure to have a family member edit before you write your final draft on your poster. Illustrate, or print pictures of the two types of dogs and add these to your poster. Be ready to present the information to the class on Friday in small groups.

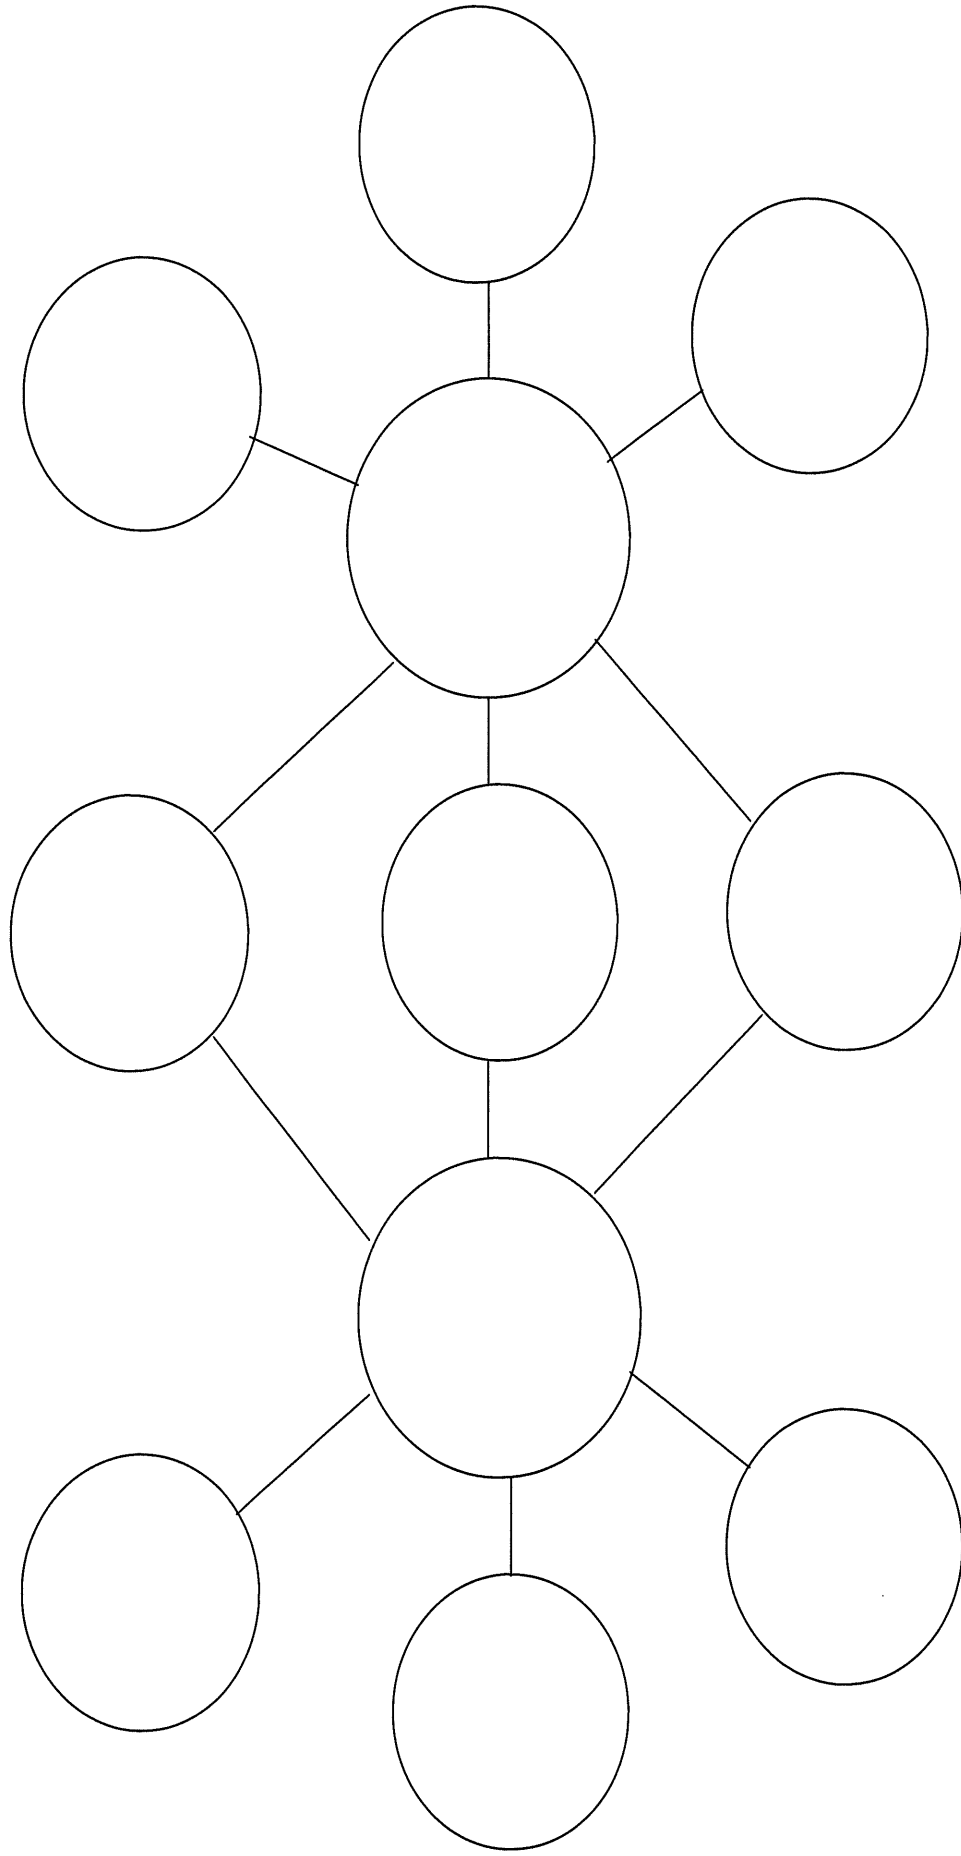

Have fun and enjoy comparing two types of dogs!
