Student Conduct, Success, and Responsibilities

Student Handbook

Students must follow the policies and procedures established in the Student Handbook. Copies of the handbook can be found at cusd80.com/handbooks. Printed copies will be provided upon request.

Student Responsibilities

Technology:

With the 1:1 technology initiative, it is the responsibility of the student to bring their fully charged laptop to school every day. Technology is a tool no different than a pencil. Like all school supplies, students are expected to have the supplies needed to learn.

Discipline Protocol:

It is the expectation that students hold themselves to high standards. The teacher will address students who are not meeting these expectations. Typical classroom behaviors consequences these are they standard progression for discipline

a referral.

Our goal is to work with families to ensure that all students have a safe and focused learning environment.

Tardy Protocol:

Students are expected to be in their seats when the bell rings and ready to learn. If a student is tardy to class teachers will follow this progress to rectify students being late to class.

Notify Attendance Interventionist and email / call home.

On the fifth offense, the teacher will refer the student to our Attendance Interventionist, who can work with families and assign Saturday school if necessary.

The teacher has the option to provide their own lunch detention at their discretion instead of writing a conduct referral.

Absences:

Students who have excused absences have at least one day every day they are absent to make up the work they missed. Excessive absences can result in the loss of a credit for the course.

Drink:

There is no food or drink allowed in the classroom except water.

Tutoring:

My set tutoring time is Wednesdays after school 2:30-3 but I am available other times before or after school as needed. Please let me know.

Finals: Finals are not given early. Absent students will receive a zero until they can take the final.

Learning Goals and Outcomes As students study the target language, they will improve in their ability to communicate in the target language as well as in their cultural competencies. Our goal by the end of the first year is to have all students performing at the intermediate low proficiency level. In addition to the cultural competencies that we will focus on, students will build proficiency in the target language in three modes of communication: interpersonal (person-to-person speaking and writing), interpretive (understanding what they read and hear in the target language), and presentational (“one-way” speaking and writing in the target language). At the end of the semester, students will be able to:

- Participate in conversations on familiar topics using phrases and simple sentences.
- Carry out short social interactions in everyday situations by asking and answering simple questions.
- Understand the main idea in short simple messages, presentations, and overheard conversations on familiar topics.
- Understand the main idea of short and simple texts when the topic is familiar.
- Present information on familiar topics by using a series of simple sentences.
- Write and share short messages about familiar topics using a series of simple sentences.

Investigate and describe similarities and differences in practices, products, and perspectives used across cultures (e.g., holidays, family life, historical and contemporary figures) to understand one’s own

and other's ways of thinking.

2

- Access and interpret information in the target language on familiar topics and use it to reinforce and further knowledge in other content areas.
- Explain and compare features of target language (e.g., language patterns, expressions, sentence structure) with his/her own language (as applicable).
Use expanded vocabulary and structures in the target language to access and interact with different media and community resources within the school setting (and beyond, as applicable).

Late work

Classroom Policies

Absences are limited to 10 class periods per semester (CCHS policy) Credit may be lost at the discretion of the instructor if absences exceed this number. Quizzes or tests will be made up either during conference period or at my discretion. You are expected to make up the test or quiz upon your return. Students are expected to attend class every day. In the event of an EXCUSED absence, it is the responsibility of the STUDENT to seek make-up work, INCLUDING a test. If a student is absent on the day an assignment is due, that assignment is due the next day the student is in attendance. Any homework assigned in a student's absence will be due following the number of days missed. Without proper notification, any assignment not turned in on time is considered a late assignment and will not be given full credit

Assessments and Assignments

Students will complete assessments during each unit of study to assess their understanding. Students will complete the CUSD Common Final at the end of the first and second semesters. The Common Final will count for 20% of the student's final semester grade in grades 9-12 and 10% in grades 7-8 (some exceptions may apply at the Junior High level). Common finals will be in ELA, Math, Science, Social Science, and World Language.

Final exams will be given during the CUSD Jr High/High School Early Dismissal days in December and May, as identified on the [District Calendar](#).

If students are requested to participate in a survey, the survey questions will be provided to parents/guardians seven days before student contact.

Grades and Evaluation

Student grades are available to view online in Infinite Campus and will be kept up to date. Please monitor your grade throughout the semester so that you always know exactly where you stand. The district has adopted a 40% / 40% / 20% grading policy. This means that Quarter 1 is worth 40% of your semester grade, Quarter 2 is worth 40% of your semester grade, and your final exam is worth 20% of your semester grade. Likewise, Quarter 3 is worth 40%, Quarter 4 is worth 40% and the final exam is worth 20%.

Final/Semester grade distribution is as follows:

A 100–90

B 89–80

C 79–70

D 69–60

F Below 60

Quarter grades are broken down as follows:

Quarter grades will be calculated by using a combination of formative and summative assessments given throughout each quarter. Each quarter, 60% of the grade will be derived from formative assessments, and 40% of the grade will be based on summative assessments. These grade categories and the activities

that correspond to them are designed to allow us to practice and assess student progress in each of the language modalities: reading, writing, speaking, listening as well as knowledge of the culture(s) associated with the language.

Level II Grading Policy 2023-2024

Quarter grades are broken down as follows:

Quarter grades will be calculated by using a combination of formative and summative assessments given throughout each quarter. Each quarter, 50% of the grade will be derived from formative assessments, and 50% of the grade will be based on summative assessments. These grade categories and the activities that correspond to them are designed to allow us to practice and assess student progress in each of the language modalities: reading, writing, speaking, listening as well as knowledge of the culture(s) associated with the language.

Homework (10%)

Homework will be scored for completion contingent upon quality work. The teacher can request a re-do as deemed necessary. There will be a variety of homework assignments made throughout the quarter. Homework should be completed and turned in at the beginning of the class period in order to receive credit. In addition, we will be using Google Classroom throughout the year and will have at least one assignment per week in Google Classroom.

Google classroom Assignments and class documents will be posted in Google classroom. Class work / participation 20%

Weekly participation 10% Participation will be scored on an analytical rubric worth 24 points. The student will receive a rubric, At the end of each quarter, students will calculate their weekly average which will account for 50% of the overall participation grade. It is understood that students will be transparent and honest as they complete each rubric. The teacher will complete the same rubric for each student at the end of each quarter that will account for 50% of the overall participation score.

Daily activities 10% Students will engage in on-going activities in listening, reading, writing, speaking, and developing cultural competence. These activities are often integrative, and the point values for each will reflect the effort required for successful completion.

Quizzes (20%) Quizzes will be given every Thursday/Friday of a non-test week, depending on the block schedule of that week and will cover topics being covered in class. Quizzes will generally be short in nature and can range from multiple choice to free response. While quizzes are set for every Thursday/Friday, students may also receive pop quizzes on materials.

Compositions 10% There will be a targeted writing assignment every quarter to help students develop their abilities with writing in French. These compositions will be completed in two stages. The teacher will grade the first version and give corrective feedback to each student. Each student will then have the responsibility to revise their composition and turn in a second version to their teacher. Students will highlight any corrections that they have made on their second draft and turn it in stapled to the first version. Your final composition grade each quarter will include the percentages from each version.

Version 1 is worth 60% and version 2 is worth 40%. If you decide to turn in only one version, the maximum that you will be awarded is 60%.

Unit Tests (15%) At the end of each unit/chapter we will have a unit test covering the material that we have studied. These tests should take the bulk of the class period. All of the tests will be announced in

advance. If you miss a test due to an excused absence, please contact the teacher to schedule a make-up. 6 Oral Exams (10%) A major assessment of your speaking abilities will be conducted once per quarter, providing you with an opportunity to demonstrate your abilities to communicate about everyday topics and situations in French. This assessment may be conducted as an interview between you and the instructor or as role plays performed between you and a classmate.

4

Presentation (15%) Each quarter students will be responsible for preparing a “Research project” and presenting their work to their classmates. Research topics will be provided by the teacher and will be related to the information that we are studying in class.

Semester grades

Semester grades are calculated using 40/40/20: Each quarter accounts for 40% of the semester grade and the final exam accounts for the remaining 20%.
