

## Lit. Elem.: Irony

Term	Definition	Example
Irony	when the opposite of what you expect to happen happens	x
Situational Irony	Involves a difference between what is expected or intended and what actually occurs.	A police officer gets arrested. A fire station burns down. A tow truck gets towed. Someone moving to avoid a sprinkler falls into a pool.
Verbal Irony	The intended meaning of a statement differs from the meaning that the words appear to express. *Sarcasm*	"Soft like a brick" "Clear as mud" "Reeeeeally? I had no idea!"
Dramatic Irony	The audience knows more than the characters, so that words and action have additional meaning for the audience	The person in the scary movie walks up the stairs toward the noise, when the audience knows the killer is up there. The audience knows that a character isn't really dead.
