ONLINE LEARNING EXPECTATIONS

- Synchronous (live on Google Meet together)
- Asynchronous (self-paced assignments)
- Instruction will occur daily during our scheduled class-time.
- Daily participation in Google Classroom is required for attendance.
- When you come into Live Class, mute yourself right away. Raise your hand and wait to be called on or post in the chat if you have a question.
- If you have to be “absent” from class every now and then, don’t worry! Just let me know! Live class will always be recorded and posted daily for you to watch and make up.
- Tutoring will be available by appointment.
- Any copy and pasting from online sources or from a friend’s work will result in a zero and a phone call home.

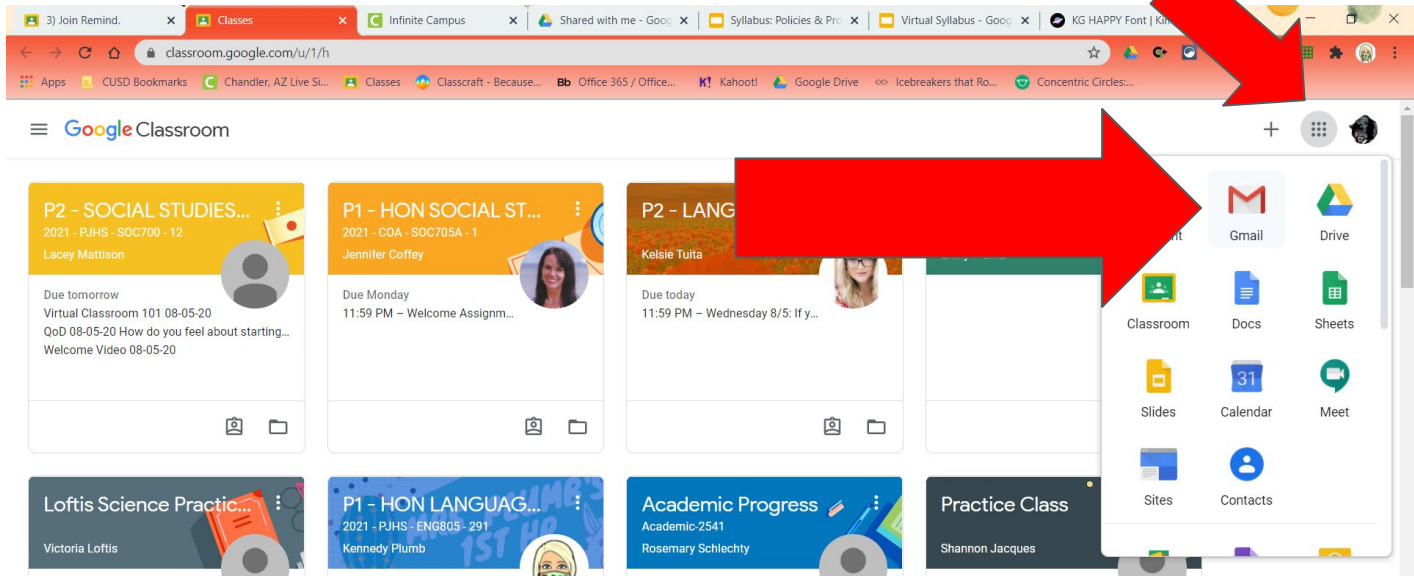

Daily Routine

1. Start with the bellwork question.
2. Watch any assigned videos or materials.
3. Join live to learn or discuss.
4. Do classwork/homework.

POLICIES AND PROCEDURES

- If an assignment is turned in after the posted due date, it will be marked late in the gradebook and it will be marked down 10% each day it is late.
- I have to send attendance to the office every day. Attendance is based on daily participation in Google Classroom.
- My office hours are from 8:30am - 4:30 pm but you can email me any time!
- Technology WILL fail! Please communicate with me when it does and we will come up with a plan!
- Students should: be respectful, be honest, and always try your best!

Accessing Email

**Check your emails daily at minimum!
Send me an email if you need anything.**

Missed Live Class?

- Just like if you are absent from in-person class, you are responsible for your make up work.
- Contact me for the recording of the live class if you have to be absent.
- You'll need to self-pace through the recording and the materials of the day and reach out if you have any questions.
- Just communicate! If you're going to be absent, let me know :)

GRADING SCALE

In 8th Grade Language Arts, grades are WEIGHTED. This means assignments are worth different percentages of your grade based on the category they are in.

Classwork is 40% of your overall grade.

Assessments are 60% of your overall grade.

Grades will be posted to Infinite Campus weekly.

Supply List

Students will need the following supplies **when we return to in-person school:**
(this is just if you want to plan ahead)

We will not be able to share any supplies with students, and they can't share with each other, so it's really important they come with their own materials every day when we return.

- Materials for the Payne Binder:
 - Pencil pouch
 - Crayons/colored pencils/markers
 - Pens and pencils
 - Tape or glue stick
 - Eraser
 - Highlighter/s
 - Loose leaf paper and graph paper
 - Tab dividers
- For my class specifically:
 - College-ruled Composition Notebook
 - Their own tape

Using your Phone

- It would be easier for your to only use a computer for your daily schoolwork. BUT if you need to use your phone, here are the apps you'll need (yes you need all of them):
 - Google Classroom
 - Google Meet
 - Google Docs
 - Google Slides
 - Gmail
- If you use your phone, just be aware that your view may look different than the tutorials I post. Be sure to read directions carefully and make sure to submit your work correctly using the above apps.

Tutoring:

I am available for tutoring every day and I want to help!
Just email me to make an appointment for one-on-one
tutoring!
