

# About CTE

Chandler Unified School District (CUSD) offers 21 CTE programs across the district. These course offerings help to prepare students for college expectations and labor market demands. All CUSD students have the opportunity to select a program of study that involves a multi-year sequence of courses. Each CTE program integrates core academic knowledge with technical knowledge and professional skills to provide a pathway to postsecondary education and careers.

Follow us to see our students and programs at work!
