

Chandler Unified School District

AGS230 AgriScience 1 SY 2024-25

Course Overview

Course Description

This course focuses on plant sciences, specifically plant production in the greenhouse. Units include plant growth and development, hydroponics, propagation, nutrition, pests, greenhouse management, landscape plant identification, design and installation of irrigation systems, and equipment maintenance. Students will participate in Future Farmers of America (FFA), where they will develop skills for leadership and career success. Students can earn industry certification with this course. FFA offers leadership and community service opportunities to assist with entrance into college. Completion of Agriscience 1 and 2 will provide one laboratory science credit for university admission or high school credit and one CTE credit. At Chandler High School, 11th and 12th grade students in this course may be eligible to participate in the IB Career-related Programme (IBCP).

AP/IB/Dual Enrollment

May be offered for Dual Credit/IBCP

Prerequisite/Fee(s)

There is no fee for this course.

Course Materials

3-ring Binder with paper (can be shared with other classes) Writing Utensils - pencil or pen (black or blue ink only)

Course Attire: Students are responsible for the following

None for this course

Adopted Resource(s)

Introduction To Horticulture.

*An asterisk indicates a resource containing sexually explicit materials per legislative definitions. CUSD has determined that all the above resources are of exceptional educational value.

Site and Faculty Information

School name and address:

Basha High School, 5990 S Val Vista Dr, Chandler, AZ 85249

Building principal:

Marques Reischl reischl.marques@cusd80.com

Teacher:

Mrs. Sharon Metzger BA in Agriculture Education from UA; Master of Arts in Curriculum and Design from NAU

metzger.sharon@cusd80.com

Office hours: Hours will vary from week to week. Please email the instructor for availability.

Course Access

This course is taught in-person at Basha High School. Students will have access to the curriculum and instruction in the classroom. Google Classroom is the primary location for students to access material when absent from classes taught in person.

Equipment Usage Agreement:

Students will receive training for the proper use and care of all equipment. I understand that while my student uses school equipment, they are responsible for its care. If school equipment is damaged, lost, stolen, or destroyed under my student's care, I further understand that my student and I will be responsible for the replacement or cost of repair of the damaged equipment.

CTE Program Responsibilities:

Career & Technical Student Organization (CTSO)

Career & Technical Student Organizations (CTSOs) are co-curricular organizations that help enrich applied academics, communications, and teamwork. Students in CTE programs can participate in CTSO leadership activities and competitive events.

This program is aligned with the following CTSO: FFA.

Industry Credentials

CTE programs allow each student to earn an industry certification aligned to their CTE program area. This CTE program will offer the following industry credential(s) for all students by program completion:

This is a beginning-level course, which will lead to an industry credential(s) in the advanced course(s) within this program

Technical Skills Assessment (TSA)

Technical Skills Assessments (TSA) are an Arizona Department of Education high-stakes state assessment designed for each program area. The TSA is to certify and document student attainment of industry-validated knowledge and skills through online testing. The TSA is taken after the CTE program (year 2 or 3) of each program.

Non-Discrimination Clause/ Aviso de no discriminación

The non-discrimination clause can be accessed using the link or QR code (www.cusd80.com/Page/983)

Help

Academic Support

- Contact the teacher to schedule an appointment during office hours
- Ed Tech support for students, parents/guardians, and community link (cusd80.com/Page/45109)

Mental Health Support

- CUSD mental health support cusd80.com/Domain/10528 or 480-573-8808 (talk or text)
- Suicide & Crisis Lifeline: 9-8-8 hotline
- 24-hour Crisis Line Talk: 602-222-9444, Text: 741-741

Student Conduct, Success, and Responsibilities

Student Handbook

Students must follow the policies and procedures in the <u>Student Handbook</u>. Copies of the handbook can be found at https://www.cusd80.com/Page/533, and printed copies will be provided upon request.

Student Responsibilities

To be successful

- 1. Be in class on time
- 2. Be prepared with all required supplies
- 3. Be courteous and respectful to everyone

Student Responsibilities

- 1. No inappropriate language or profanity
- 2. No food or drink (except water) in the classroom
- 3. No use of fragrant lotions, sprays, sanitizers

Late work

Assignments turned in late, but not due to absence(s) will be accepted, but points may be deducted.

This is not applicable to the Supervised Agricultural Experience Project (SAE) quarterly checks. The dues dates for the SAE project will be provided during the 1st quarter and are not accepted late.

Assessments and Assignments

Students will complete assessments during each unit of study to assess their understanding. Students will complete the CUSD Common Final at the end of the first and second semesters. The Common Final will count for 20% of the student's final semester grade in grades 9-12 and 10% in grades 7-8 (some exceptions may apply at the Junior High level). Common finals will be in ELA, Math, Science, Social Science, and World Language.

Final exams will be given during the CUSD Jr High/High School Early Dismissal days in December and May, as identified on the <u>District Calendar</u>.

If students are requested to participate in a survey, the survey questions will be provided to parents/guardians seven days before student contact.

Grading

Grade Percentage

Α	В	С	D	F
90% - 100%	80% - 89%	70% - 79%	60% - 69%	<60%

Quarter grades

This course consists of three components: Agriculture Instruction/Curriculum, Supervised Agriculture Experience, and the FFA.

- 1. Agriculture Instruction/Curriculum: Grades are not given, they are earned. Grades will be determined by the degree to which objectives are met, success is achieved, timeliness, neatness, and original work. As this is an advanced class, students are expected to keep up with the pace of the coursework. If you are struggling with the class, I am available for extra assistance during conferences and after school.
- 2. Supervised Agriculture Experience (SAE) Project: Students will be expected to design a SAE plan in the 1st quarter and implement it by the 2nd quarter. Students will keep an electronic record of this project and are expected to take photos of their project throughout the school year. It will be the responsibility of the student to keep accurate records throughout the school year and submit these records on time to the instructor.
- 3. FFA Leadership Grade: A major aspect to this course is the development of leadership skills, speaking abilities, teamwork and other various skills that will play a major role in every individual's career choice. Students are required to participate in the local FFA activities and have the opportunity to participate in the district, state and national FFA activities. This will count towards 20% of EACH semester's grade. Please refer to Semester FFA Calendar for specific dates.

Semester grades

Semester grades are calculated using 40/40/20: Each quarter accounts for 40% of the semester grade and the final exam accounts for the remaining 20%.

Units of study

Units for AGS230 AgriScience 1

*An asterisk will indicate a unit of study containing sexually explicit materials per legislative definitions. Components of the Pant Science Industry

Plant Anatomy and Taxonomy
Greenhouse Management
Plant Identification
Plant Nutrients
Soil Science
Integrated Pest Management
Floriculture Design
Employability Skills
Landscape Design and Maintenance
