

BE ACCUPLACER READY!

Accuplacer Ready is a workshop series designed to help Maricopa Community College bound students save time and money by avoiding developmental math, English and reading courses.

- 65% of MCC students test into developmental courses.
- Developmental Courses are not college level courses, but they cost the same and take the same amount of time to complete.

All MCC bound students would benefit, however **Accuplacer Ready** is specifically developed for seniors:

- Who struggle to complete the required math courses to graduate.
- Who struggle with written expression, reading, or test anxiety.
- who have learning differences (dyslexia, ADHD, ASD, processing challenges).

Upon completion of Accuplacer Ready students will:

- Be prepared for the Accuplacer exams (it can take up to 3 hours).
- Learn Accuplacer specific test taking strategies.
- Sharpen skills in key areas (arithmetic, algebra, reading comp, and writing)
- Know how to apply for accommodations if needed
- Receive an Accuplacer Ready Workbook, a free download to the Accuplacer app, and other Accuplacer Specific Resources
