

2022-2023 IMPACT enrollment is now open for all CUSD freshmen via Infinite Campus

A recognition program offered through Chandler Education Foundation with opportunities to apply for scholarship funding once qualifications are met.

IMPACT Chandler Scholars FAQ

- Chandler Education Foundation, as a 501(c)3 fundraising arm of the Chandler Unified School District, supports lifelong learning for students and teachers. Funds raised throughout the year, particularly through the Winner's Choice Car or Cash raffle, contribute to the scholarship fund.
- Students who enroll in the ICS program commit to maintain:
 - 3.4 or higher cumulative GPA
 - 95% or greater cumulative attendance
- Students also commit to performing and submitting 100 hours of qualified community service. Hours performed for the benefit of a religious organization are not eligible; service may be counted if an organization is performing an activity for the benefit of the greater community (for example, food, clothing, or supply drive).
- Students must submit community service hours through Infinite Campus. Students are highly encouraged to do so as they accrue hours. Students are responsible to verify their hours are approved by Foundation staff and logged in Infinite Campus.
- 100 hours must be logged by April 1st of the student's senior year.
- Students meeting all criteria are designated as IMPACT Chandler Scholars at graduation. Students receive a certificate and an orange honor cord.
- Qualified students may **apply** for the IMPACT Chandler Scholarship. A panel of volunteers reviews and score applications. Awards are based on available funds and the score received.

Enrollment FAQ

- Enrollment is open from the first day of a student's freshman year until the last day of summer before students begins their sophomore year.
- Students must access the Student Participation Commitment Form, found in Infinite Campus [MORE] link. The form is listed as [IMPACT] under the Student's Impact Chandler Scholars link (see picture). This link is not found on the parent portal.
- The student will be asked to indicate whether they (1) agree to participate or (2) decline participation. They will then electronically sign and submit. We encourage them to print the form before submitting.
- A confirmation email is sent to the student and parent/guardian listed in Infinite Campus.
 - Should there be any issue with the linked email for parents or guardians, students must follow up with their site. The Foundation does not have access to make changes to linked email.
- Parents/guardians have 2 weeks to request changes (opt-in or decline), subsequently processed by CEF. The parent's request will be accommodated, and students may be withdrawn from program participation at any time.
