

Friday, January 24, 2020: Day 1

Classwork

- Layers of the Earth Quiz.
- Diving Deeper Into Density Notes.
- Mystery Water Activity.

HOMEWORK:

- Have Monitoring Log completed and signed.

Warm-up Question:

What is the most dense layer of the Earth? What is the most least dense layer of the Earth?

You will need:

- Pencil.
- Blue Monitoring Log.
- Privacy Booth.

Hand in:

- Earth's Layers Foldable.

Learning Goal and Scale

TSW understand how the Earth's natural processes have shaped its landscape (including Lithospheric Plates and their movement, Convergent, Divergent, and Transform boundary landforms).

Scale	
4- I really know it!	I understand the information and ideas. I can connect this to my own life and other subjects beyond what I learned in class. I can teach it.
3- I know it.	I understand all the information and ideas. I feel confident in what I know and will do well on a quiz or test.
2- I know most of it.	I understand the easier parts, but don't understand some of the more difficult information or ideas.
1- I know some of it.	I need more support and help to really understand a lot of the information or ideas.
5- I don't know any of it.
