Write In Your Agenda:

CW:

- Volcano Stations:
 - Volcano Webquest
 - Assemble Volcano Flipbook
 - Finish Volcano Pre-reading

HW:

- Have Monitoring Log completed and signed.

Write In Your Monitoring Log:

Response to Warm-Up:

How many types of volcanos are there? What are they called?

You will need:

- Pencil
- Agenda
- Monitoring Log

Learning Goal and Scale

TSW understand how the Earth's natural processes have shaped its landscape (including Earthquake locations and how they are measured as well as Volcano locations and the three types).

4	In addition to score 3, the student can help teach or mentor his/her peers and construct real world connections between locations, measurements, and types of Earth's natural processes.
3 	TSW understand how the Earth's natural processes have shaped its landscape including all of the following: <ul style="list-style-type: none">o Earthquake Locationso Earthquake Measuremento Volcano Locationso Volcano Types
2	TSW understand how the Earth's natural processes have shaped its landscape (including 2 of the 4 requirements): <ul style="list-style-type: none">o Earthquake Locationso Earthquake Measuremento Volcano Locationso Volcano Types
1	TSW understand how the Earth's natural processes have shaped its landscape (including 1 of the 4 requirements): <ul style="list-style-type: none">o Earthquake Locationso Earthquake Measuremento Volcano Locationso Volcano Types
0	Even with help, the student experiences no success.

Station Schedule
