Write In Your Agenda:

CW:

- PLUS Activity
- Measurement Challenge

HW:

- Meas. Chall. Wksht. (if not finished)

Write In Your Monitoring Log:

Warm-Up Prompt:

What are you looking forward to most in 7th Grade Science? You may use the Learning Goal folder at your table to help you.

You will need:

- Pencil
- Binder
- Agenda
- Blue Monitoring Log sheet
- Name Tent

Learning Goal and Scale

- *TSW be able to accurately measure distance, mass, volume, and density using the metric system.*

	4	In addition to score 3, the student can help teach or mentor his/her peers and apply his/her knowledge, understanding, and measurement/calculation skills to real-world scenarios including connection to an object's density.
	3	TSW be able to accurately measure distance, mass, volume, and density using the metric system.
	2	TSW be able to accurately measure distance, mass, volume, and density using the metric system. (including 3 of the 4 requirements): <ul style="list-style-type: none">o Distanceo Masso Volumeo Density
	1	TSW be able to accurately measure distance, mass, volume, and density using the metric system. (including 2 of the 4 requirements): <ul style="list-style-type: none">o Distanceo Masso Volumeo Density
	0	Even with help, the student experiences no success.

Describe the metric system. Include what you know about the following:

- What the metric system is,
- Who uses the metric system,
- How the metric system is used, and
- Where the metric system is used.
