Length = between 12 and 34 cm
(arm to arm)

Width = between 10 and 35 cm
(belly to butt)

Mass = between 200 and 600 g

SELF ASSESSMENT:

Write a paragraph in which you analyze your performance on this project after completing your project, having a peer assess your project, and seeing the projects completed by classmates. Answer the following questions in your paragraph. Begin your paragraph on the bottom of this sheet. You can use the back as well!

- Did you do your best?
- Is your better than/worse than/equal to the quality of others? WHY?
- Are you proud of your work?
- Are you satisfied with the grade your peer gave you?
- Do you think your work has been unfairly graded? (note: if yes, I will discuss the matter with you, please do not argue with your peer!)
