

A Penny Problem

Part 1: Teacher Demonstration

What I Saw....	
...my teacher use:	
...my teacher do:	
...happen	

Part 2: It's My Turn!

Based on what I just saw, I am wondering:

*What if

*What if

*What if

Part 3: Group Discussion

Talk with your tablemates....share your "what if" questions.....see if there is one that you are more interested in... check with your teacher to be sure the supplies will be available to you!

As a group, we have decided to experiment with the following question:

Part 4: My Experiment

Now, carry out the experiment you chose! On lined paper, plan and record your experiment. Be sure to include all of the parts of the experiment from problem to conclusion!
