Spring

Spring time!
The flowers are
blooming. Take
a look at moon
it has no shadows
so it has to be
solite.

Spring

Spring time!
The flowers are blooming. Take a look at moon it has no shadows so it has to be solitice.

Summer

Summer is where you get out of school. But look at the moon! It is a half moon, so it is a equinox.

Winter

The start of the season is December 21 or 22. It is Equinox because it only has have the moon is showing.

Fall

In the fall trees and leaves turn all different colors. It is solitice because the whole entire moon is black.
