### Volcano Research Poster Project

#### ASSIGNMENT:

Your assignment is to create a poster on a specific volcano to present it to the class.

#### DIRECTIONS:

**Step #1:** Choose your volcano. Your volcano's name is:

\_\_\_\_\_

**Step #2:** Begin your research. You will use the attached organizer to collect your research. Be sure to record your sources so you can include a simplified bibliography with the finished project.

**Step #3:** Check your work. Please use the rubric as a checklist to make sure all of the

required information is included. Be sure your project is neat and turned in on time!

**\*\*You may not cut and paste information from the Internet. The project must be written in**

**your own words or full credit will not be given!**

**\*\*Use this rubric as a checklist BEFORE handing in your project!\*\***
