INTERPRETING STUDENT LEVEL AzMERIT RESULTS

2015 AzMERIT

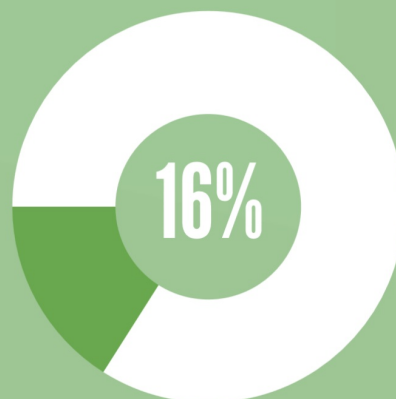

Approximately 8% of Arizona exams resulted in the highest scoring category on AzMERIT. (Highly Proficient)

Arizona

2014 AIMS

Arizona

Approximately 16% of Arizona exams resulted in the highest scoring category on AIMS. (Exceeds)

For your student it is likely that their performance on this exam decreased by at least one scoring category. The AzMERIT is considered a harder exam for students to achieve proficiency. If you need further guidance on the scores for your student contact your school or teacher.
