Caring Communities—Happiness

This week we are exploring things that make us and other people happy. To help with that do the following this week:

- ◆ Select a song you like and be ready to tell your partner about it
- ◆ At home this week, try singing, dancing, and doing one other

on Wednesday. If you volunteered to share your song with the class, be ready to play or sing the song.

thing that makes you happy. Be prepared to share what you tried and how those activities made you feel on Friday., and what he or she might do differently now.
