

*Governing Board Resolution
Kerry Croswhite Aquatic Center
at Chandler High School*

Whereas, Kerry Croswhite started teaching and coaching at Chandler High School in 2002.

Whereas, Kerry Croswhite is remembered for his kindness, compassion, and calm demeanor in everything he does in the classroom, at the pool, on the softball field, and in life.

Whereas, Kerry Croswhite had a positive impact on everyone in the Chandler High community. Teaching us all how to be honest and learn from hard situations, but more importantly, find a bright side when life is getting too hard.

Whereas, Kerry Croswhite was always there for those who needed help and was a teacher and coach that who truly wanted to better every single person he encountered.

Whereas, Kerry Croswhite taught us to not take life too seriously. When we were down, he always told a story to cheer us up. He taught us to always look at the positives, value the lessons being taught, and know that we should be happy for what we have.

Whereas, Kerry Croswhite always knew how to make us laugh and smile. Whether we were winning or losing, Coach Croswhite would always encourage us to do our best.

Whereas, Kerry Croswhite always wanted the best for everyone he ever encountered. His light never dimmed, and he taught us all so many lessons.

Whereas, Kerry Croswhite dedicated his life to making those around him better, and we are forever grateful for that.

Whereas, today we remember Kerry Croswhite for the tremendous man he was, we listen to his advice in this difficult time, and "pin our ears back and leave it all in the pool," just like he would want us to do.

Therefore, in appreciation of this remarkable man's legacy, it is with great honor that Chandler Unified School District names the aquatic center at Chandler High in honor of our friend, our coach, and our mentor, Coach Kerry Croswhite.

As presented by Superintendent Dr. Camille Casteel and signed this 28th day of October 2020.
