Management

- Stamp Cards: A classroom reward that I use is stamp cards for each individual student. They earn stamps by following directions and being a good leader in the classroom. After they receive 10 stamps, they get to pick something out from treasure box.
- Class Bingo: This class reward is for the whole class. The whole class has to be good to receive a BINGO piece.
- Timer: Each day, the timer starts out with 2 minutes. Each time the class is being too loud or not following directions, I turn the timer on until everyone is quiet. Their goal by the end of the day is have time still left on the timer.

Social Emotional Learning

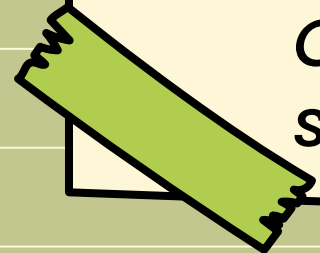

This year our class is focusing on:

- Being respectful to peers
- Showing kindness to everyone
- Listening with attention
- Following directions

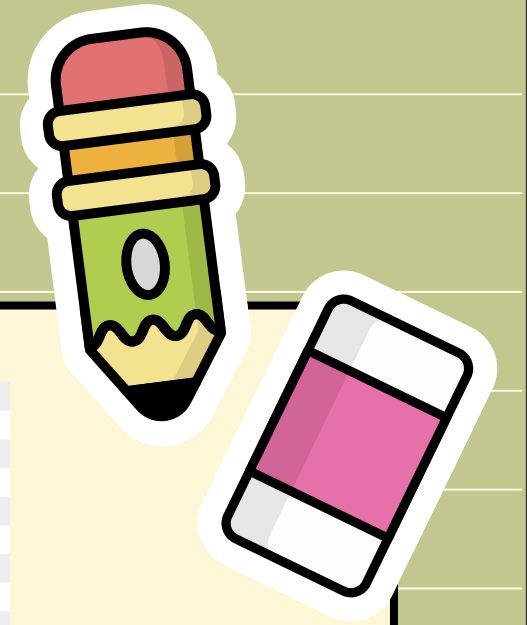

We talk about these topics during our daily morning meetings. I teach second step lessons on Monday & Tuesday mornings.

We have a Social Worker and School Counselor on campus that is available to help students!

Classroom Rules

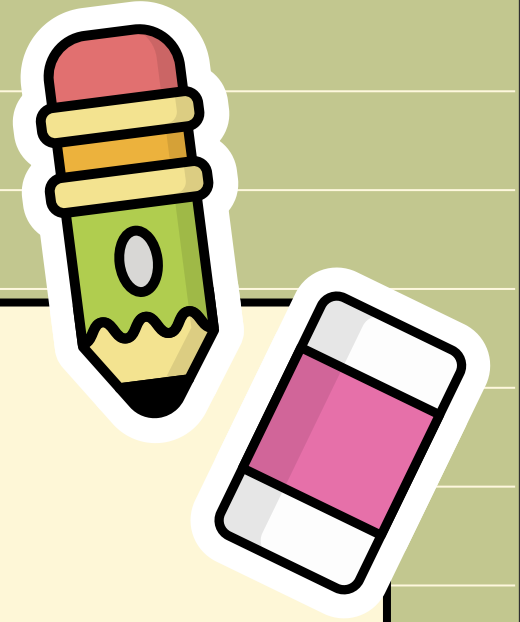

Our class made rules and a class promise at the beginning of the year!

We also have three behavior buddies that change each week. This helps us with being friendly, respectful, and a good listener.
