

AP 2024-2025

Hello AP families! Welcome to the 2024-2025 school year!

Taking the Advanced Placement exam is an important part of all AP courses. Scoring well on a student's AP exam can often earn them college credit for their high school class, saving a significant amount on tuition. Below is some detailed information on College Board and AP exam registration and payment. We have this information and more on our website:

Now through October 25

- ❖ Students will need to register for AP exams in 2 systems! This should take no more than 10 minutes total.
 - First, please register in Total Registration at www.TotalRegistration.net/AP/030037 . This system helps AP coordinators track payments, verify the correct number of tests are being ordered, and communicate with you regarding testing.
 - Second, please register in College Board. <https://apstudents.collegeboard.org> . You will need the join code provided by your AP teacher (the last page in total registration also has join codes listed).
