Citizens and Governing Board  
Chandler Unified School District No. 80  
1525 West Frye Road  
Chandler, Arizona 85224

State law mandates that school districts required to undergo an annual single audit publish a complete set of financial statements presented in conformity with accounting principles generally accepted in the United States of America and audited in accordance with auditing standards generally accepted in the United States by a certified public accounting firm licensed in the State of Arizona. Pursuant to that requirement, we hereby issue the comprehensive annual financial report of the Chandler Unified School District No. 80 (District) for the fiscal year ended June 30, 2014.

This report consists of management's representations concerning the finances of the District. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the District has established a comprehensive internal control framework that is designed both to protect the District's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the District's financial statements in conformity with accounting principles generally accepted in the United States of America. Because the cost of internal controls should not outweigh their benefits, the District's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free of material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The District's financial statements have been audited by Heinfeld, Meech & Co., P.C., a certified public accounting firm. The goal of the independent audit was to provide reasonable assurance that the financial statements of the District for the fiscal year ended June 30, 2014, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditors concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the District's financial statements for the fiscal year ended June 30, 2014, are fairly presented in conformity with accounting principles generally accepted in the United States of America. The independent auditor's report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the District was part of a broader, federally mandated Single Audit as required by the provisions of the Single Audit Act Amendments of 1996 and U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations* designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the District's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. These reports are available in a separately issued Single Audit Reporting Package.

Accounting principles generally accepted in the United States of America require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The District's MD&A can be found immediately following the report of the independent auditors.

## **PROFILE OF THE DISTRICT**

The District is one of 58 public school districts located in Maricopa County, Arizona. It is the second largest district in the county and third largest district in the state. It provides a program of public education from preschool through grade twelve.

The District's Governing Board is organized under Section 15-321 of the Arizona Revised Statutes (A.R.S.). Management of the District is independent of other state or local governments. The County Treasurer collects taxes for the District, but exercises no control over its expenditures/expenses.

The membership of the Governing Board consists of five members elected by the public. Under existing statutes, the Governing Board's duties and powers include, but are not limited to, the acquisition, maintenance and disposition of school property; the development and adoption of a school program; and the establishment, organization and operation of schools. The Board also has broad financial responsibilities, including the approval of the annual budget, and the establishment of a system of accounting and budgetary controls.

The financial reporting entity consists of a primary government and its component units. A component unit is a legally separate entity that must be included in the reporting entity in conformity with generally accepted accounting principles. The District is a primary government because it is a special-purpose government that has a separately elected governing body, is legally separate, and is fiscally independent of other state or local governments. Furthermore, there are no component units combined with the District for financial statement presentation purposes, and the District is not included in any other governmental reporting entity. Consequently, the District's financial statements include only the funds of those organizational entities for which its elected governing board is financially accountable. The District's major operations include education, student transportation, construction and maintenance of District facilities, food services, and bookstore and athletic functions.

Approximately 41,000 students are served in 29 elementary schools, six junior highs, five comprehensive high schools and one alternative school, Hill Learning Academy. The District also offers three alternative programs, which are Chandler Early College on the campus of Chandler Gilbert Community College and Hill Learning Academy, Hill at ICAN and Chandler Online Academy. Community support for a bond election in 2010 enabled the District to open an elementary school in 2012. As the district continues to grow, two new schools (K-6 and 7-12) are scheduled to open in 2015.

The annual expenditure budget serves as the foundation for the District's financial planning and control. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual expenditure budget approved by the District's Governing Board.

The expenditure budget is prepared by fund for all Governmental Funds, and includes function and object code detail for the General Fund and some Special Revenue and Capital Projects Funds. The legal level of budgetary control (that is, the level at which expenditures cannot exceed the appropriated amount) is established at the individual fund level for all funds. Funds that are not required to legally adopt a budget may have over-expenditures of budgeted funds. The budget for these funds is simply an estimate and does not prevent the District from exceeding the budget as long as the necessary revenue is earned. The District is not required to prepare an annual budget of revenue; therefore, a deficit budgeted fund balance may be presented. However, this does not affect the District's ability to expend monies.

### **District Accomplishments**

Student and staff success define the Chandler Unified School District. Beginning in 2011, schools and school districts received a letter grade from A through F as part of Arizona LEARNS. Chandler Unified is one of only 9 districts in Arizona to earn a coveted "A" grade in each of the first four years. Overall, 63.41% (26) of the CUSD schools received an A. This far outpaces the percentages of schools in Maricopa County that received an A and the percentage of schools in the State of Arizona that received an A. In addition, 36 schools in CUSD received an A or B grade. Administrative cost per pupil for CUSD is 26.1% less than the State average and 51.6% below national average.

The District's dropout rate of 1.2% is below the state and national averages. Student success is also measured by achievement on the AIMS scores (above state averages) and college scholarship dollars earned (\$90 million for the graduating class of 2013).

Because of the outstanding educational programs offered in the Chandler Unified School District, schools have earned A+ recognition from the Arizona Educational Foundation or Blue Ribbon status 66 times since 1982, the most of any school district in Arizona.

The Chandler Unified School District embraces accountability as a means to improve student performance and we strive to perform at levels greater than state and national standards. Our Governing Board has adopted a 10-year strategic plan called Journey 2020 to position CUSD as a premier district of choice. At the heart of Journey 2020 are strategies centered around:

- 1) student achievement;
- 2) outstanding staff;
- 3) effective resource management;
- 4) culture of success.

We invite you to learn about Journey 2020 on our web site at [www.cusd80.com](http://www.cusd80.com).

Chandler Unified has earned a reputation as a district that offers challenging curriculum, including a self-contained program for gifted students called Chandler Academically Talented Students (CATS), honors, Advanced Placement and International Baccalaureate programs.

CUSD collaborates well with parents, staff and the community in all aspects of education, including joint-use cooperative efforts. To leverage taxpayer dollars, the District has partnered with the City of Chandler and Town of Gilbert to build and operate the Chandler Center for the Arts, municipal libraries, municipal pools and a transportation complex.

## **FACTORS AFFECTING FINANCIAL CONDITION**

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the District operates.

**Local Economy.** Phoenix is the state capital of Arizona and the sixth largest city in the United States. It is the center of the metropolitan area encompassed by Maricopa County. This metropolitan area also includes the cities of Mesa, Glendale, Tempe, Scottsdale, Chandler, Peoria, Goodyear, Tolleson, El Mirage, Surprise, Litchfield Park and Avondale; the towns of Buckeye and Gilbert as well as all unincorporated areas of the County. Maricopa County has a land area of 9,226 square miles, of which 1,441 square miles are incorporated (15.6 percent) and 7,785 square miles are unincorporated (84.4 percent). It is the fifth largest of Arizona's 15 counties, and the 14th largest county in the United States. Maricopa County is larger than five states and the District of Columbia. Twenty-four cities and towns are located within Maricopa County's outer boundaries. The County's 2013 population was 4,009,412 and is expected to reach 6 million by 2030.

Arizona continues to suffer the effects of the economic downturn that began several years ago. National data continues to point to a modest but continued recovery that is expected to continue into next year before faster growth materializes. As of August 2013, unemployment was 6.2% for the County. The County's economy is based on high technology manufacturing, commercial activities (including construction and trade), service/tourism, retail trade, government and agriculture. In 2013, job growth gain has been less than 2% for the entire calendar year and only a slightly faster pace is anticipated in 2014. Major employers for the County include: Intel Corporation, Wal-Mart Stores, Banner Health System, Wells Fargo & Company, Bank of America and the University of Phoenix.

In addition, the metropolitan area provides excellent educational and training opportunities through seven community colleges, four private colleges and graduate schools, and one state university.

**Long-term Financial Planning.** The District’s Mission is “to provide students with the knowledge, skills and attitude necessary to be lifelong learners and responsible citizens.” The District’s Vision Statement stresses four key points: student success, parent satisfaction, staff which experiences accomplishment, and a community which takes pride in its school system.

Keeping our mission and vision in mind, our ten-year strategic plan, Journey 2020, has been designed to establish Chandler Unified School District as a district of choice and focuses on ensuring academic excellence, outstanding staff, effective resource management, and a culture of success.

The Chandler Unified School District continues to grow, with a minimal increase in students. The District opened Chandler Traditional Junior High and an alternative school, Hill Learning Academy, in 2009. Carlson Elementary (K-6) and Arizona College Prep - Erie Campus (7-12) opened in July 2012. The District has started construction on one additional elementary school and one additional 7-12 secondary school. Chandler Unified School District is proud of how it has managed its resources in an era of restricted budgets and accountability. Management has built a contingency fund in excess of \$40 million.

The District has also achieved some of the highest bond ratings in the State of Arizona. The District currently maintains a bond rating of “Aa2” from Moody’s and “AA” from Standard and Poor’s.

## **AWARDS AND ACKNOWLEDGMENT**

**Awards.** The Association of School Business Officials International (ASBO) awarded a Certificate of Excellence in Financial Reporting to the District for its comprehensive annual financial report for the fiscal year ended June 30, 2013. In addition, the Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the District for its comprehensive annual financial report for the fiscal year ended June 30, 2013. In order to be awarded these certificates, the District published an easily readable and efficiently organized comprehensive annual financial report. This report satisfied both accounting principles generally accepted in the United States of America and applicable legal requirements.

These certificates are valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the programs’ requirements and we are submitting it to ASBO and GFOA to determine its eligibility for the fiscal year ended June 30, 2014 certificates.

**Acknowledgments.** The preparation of the comprehensive annual financial report on a timely basis was made possible by the dedicated service of the entire staff of the business and finance department. Each member of the department has our sincere appreciation for the contributions made in the preparation of this report.

In closing, without the leadership and support of the Governing Board of the District, preparation of this report would not have been possible.

Respectfully submitted,

## INDEPENDENT AUDITOR'S REPORT

Governing Board  
Chandler Unified School District No. 80

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Chandler Unified School District No. 80 (District), as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### ***Opinions***

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Chandler Unified School District No. 80, as of June 30, 2014, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### ***Change in Accounting Principle***

As described in Note 1, the District implemented the provisions of the Governmental Accounting Standards Board (GASB) Statement No. 65, *Items Previously Reported as Assets and Liabilities*, for the year ended June 30, 2014, which represents a change in accounting principle. Our opinion is not modified with respect to this matter.

## ***Other Matters***

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 5 through 14 and budgetary comparison information on pages 54 and 55 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Other Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The introductory section, combining and individual fund financial statements and schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and schedules information is fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

### **Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated December 18, 2014, on our consideration of Chandler Unified School District No. 80's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Chandler Unified School District No. 80's internal control over financial reporting and compliance.

**CHANDLER UNIFIED SCHOOL DISTRICT NO. 80  
MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)  
YEAR ENDED JUNE 30, 2014**

As management of the Chandler Unified School District No. 80 (District), we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended June 30, 2014. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found in the introductory section of this report.

### **FINANCIAL HIGHLIGHTS**

- The District's total net position of governmental activities decreased \$28,826 which represents less than a 1 percent decrease from the prior fiscal year which was not significant.
- General revenues accounted for \$257.0 million in revenue, or 85 percent of all current fiscal year revenues. Program specific revenue in the form of charges for services and grants and contributions accounted for \$46.5 million or 15 percent of total current fiscal year revenues.
- The District had approximately \$303.5 million in expenses related to governmental activities, an increase of 3 percent from the prior fiscal year.
- Among major funds, the General Fund had \$218.0 million in current fiscal year revenues, which primarily consisted of state aid and property taxes, and \$218.4 million in expenditures. The General Fund's fund balance decreased from \$22.3 million at the prior fiscal year end to \$21.9 million at the end of the current fiscal year was primarily due to an increase in operating expenditures.

### **OVERVIEW OF FINANCIAL STATEMENTS**

This discussion and analysis are intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

**Government-wide financial statements.** The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business. The accrual basis of accounting is used for the government-wide financial statements.

The statement of net position presents information on all of the District's assets, liabilities, and deferred inflows/outflows of resources with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

**CHANDLER UNIFIED SCHOOL DISTRICT NO. 80  
MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)  
YEAR ENDED JUNE 30, 2014**

**OVERVIEW OF FINANCIAL STATEMENTS (Cont'd)**

The statement of activities presents information showing how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused compensated absences).

The government-wide financial statements outline functions of the District that are principally supported by property taxes and intergovernmental revenues. The governmental activities of the District include instruction, support services, operation and maintenance of plant services, student transportation services, operation of non-instructional services, and interest on long-term debt.

**Fund financial statements.** A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District can be divided into two categories: governmental funds and fiduciary funds.

**Governmental funds.** Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements use the modified accrual basis of accounting and focus on near-term inflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the District's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the District's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the General, Debt Service and Bond Building Funds, all of which are considered to be major funds. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements and schedules.

**OVERVIEW OF FINANCIAL STATEMENTS (Concl'd)**

**Fiduciary funds.** Fiduciary funds are used to account for resources held for the benefit of parties outside the District. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the District's own programs. Due to their custodial nature, the fiduciary funds do not have a measurement focus.

**Notes to the financial statements.** The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found immediately following the basic financial statements.

**Other information.** In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the District's budget process. The District adopts an annual expenditure budget for all governmental funds. A schedule of revenues, expenditures and changes in fund balances – budget and actual has been provided for the General Fund as required supplementary information.

**GOVERNMENT-WIDE FINANCIAL ANALYSIS**

Net position may serve over time as a useful indicator of a government's financial position. In the case of the District, assets and deferred outflows exceeded liabilities by \$394.9 million at the current fiscal year end.

The largest portion of the District's net position reflects its investment in capital assets (e.g., land and improvements, buildings and improvements, vehicles, furniture and equipment and construction in progress), less any related outstanding debt used to acquire those assets. The District uses these capital assets to provide services to its students; consequently, these assets are not available for future spending. Although the District's investment in its capital assets is reported net of related outstanding debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. In addition, a portion of the District's net position represents resources that are subject to external restrictions on how they may be used. The remaining balance is unrestricted and may be used to meet the District's ongoing obligations to its citizens and creditors.

| Total net position               | <u>\$ 394,861,912</u>  | <u>\$ 398,164,297</u>  |

At the end of the current fiscal year the District reported positive balances in all three categories of net position. The same situation held true for the prior fiscal year.

The District's financial position is the product of several financial transactions including the net result of activities, the acquisition and payment of debt, the acquisition and disposal of capital assets, and the depreciation of capital assets. The following are significant current year transactions that had an impact on the Statement of Net Position.

- The addition of \$14.2 million in capital assets primarily for additions and renovations to school sites and purchases of vehicles, furniture and equipment.
- An increase in accumulated depreciation of \$16.8 million.
- The principal retirement of \$17.9 million of bonds.
- The issuance of \$21.9 million of school improvement bonds.

The following is a significant current year transaction that has had an impact on the changes in net position.

- An increase of \$6.7 million in unrestricted state aid and an increase in overall operating expenses of \$10.0 million due to student growth.

The following table presents the cost of the District's major functional activities. The table also shows each function's net cost (total cost less charges for services generated by the activities and intergovernmental aid provided for specific programs). The net cost shows the financial burden that was placed on the State and District's taxpayers by each of these functions.

- The cost of all governmental activities this year was \$303.5 million.
- Federal and State governments and charges for services subsidized certain programs with grants and contributions and other local revenues of \$46.5 million.
- Net cost of governmental activities of \$257.0 million was financed by general revenues, which are made up of primarily property taxes of \$114.1 million and state and county aid of \$141.8 million.

**FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS**

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental funds.** The focus of the District's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District's financing requirements. In particular, unassigned fund balance may serve as a useful measure of the District's net resources available for spending at the end of the fiscal year.

The financial performance of the District as a whole is reflected in its governmental funds. As the District completed the year, its governmental funds reported a combined fund balance of \$100.0 million, an increase of \$8.5 million primarily due to unexpended bond proceeds.

**CHANDLER UNIFIED SCHOOL DISTRICT NO. 80  
MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)  
YEAR ENDED JUNE 30, 2014**

**FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS (Concl'd)**

The General Fund comprises 22 percent of the total fund balance. Approximately \$19.1 million, or 97 percent of the General Fund's fund balance is unassigned.

The General Fund is the principal operating fund of the District. The decrease in fund balance from \$22.3 million to \$21.9 million as of fiscal year end was a result of an increase in operating expenditures. General Fund revenues increased \$4.1 million, or 2 percent. General Fund expenditures increased \$5.6 million or 3 percent.

The fund balance of the Debt Service Fund decreased \$322,125 to \$4.0 million as of fiscal year end.

The fund balance of the Bond Building Fund increased \$11.2 million to \$34.1 million as of fiscal year end as a result of the issuance of school improvement bonds.

**BUDGETARY HIGHLIGHTS**

Over the course of the year, the District revised the General Fund annual expenditure budget to include carryover and student growth figures. The difference between the original budget and the final amended budget was a \$4.1 million increase, or 2 percent.

Significant variances for the final amended budget and actual revenues resulted from the District not being required by the State of Arizona to prepare a revenue budget. A schedule showing the original and final budget amounts compared to the District's actual financial activity for the General Fund is provided in this report as required supplementary information. There were no significant variances in budgeted to actual expenditures.

**CAPITAL ASSETS AND DEBT ADMINISTRATION**

**Capital Assets.** At year end, the District had invested \$680.4 million in capital assets, including school buildings, athletic facilities, buses and other vehicles, computers, and other equipment. This amount represents a net increase prior to depreciation of \$8.6 million from the prior fiscal year, primarily due to the completion of various additions and renovations to school sites. Total depreciation expense for the current fiscal year was \$16.8 million.

**CHANDLER UNIFIED SCHOOL DISTRICT NO. 80  
MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)  
YEAR ENDED JUNE 30, 2014**

**CAPITAL ASSETS AND DEBT ADMINISTRATION (Concl'd)**

The following schedule presents a summary of capital asset balances for the fiscal years ended June 30, 2014 and June 30, 2013.

|                                   | <u>As of<br/>June 30, 2014</u> | <u>As of<br/>June 30, 2013</u> |
|-----------------------------------|--------------------------------|--------------------------------|
| Capital assets – non-depreciable  | \$ 70,327,434                  | \$ 66,892,415                  |
| Capital assets – depreciable, net | 416,342,224                    | 423,396,436                    |
| <b>Total</b>                      | <u>\$ 486,669,658</u>          | <u>\$ 490,288,851</u>          |

The estimated cost to complete current construction projects is \$9.0 million.

Additional information on the District's capital assets can be found in Note 6.

**Debt Administration.** At year end, the District had \$215.8 million in long-term debt outstanding, \$17.8 million due within one year. This represents a net increase of \$4.1 million due to the issuance of new debt.

The District's general obligation bonds are subject to two limits; the Constitutional debt limit (total debt limit) on all general obligation bonds (up to 30 percent of the total secondary assessed valuation) and the statutory debt limit on Class B bonds (the greater of 20 percent of the secondary assessed valuation or \$1,500 per student). The current total debt limitation for the District is \$601.5 million and the Class B debt limit is \$401.0 million, which are more than the District's total outstanding general obligation and Class B debt, respectively.

Additional information on the District's long-term debt can be found in Notes 8 and 9.

**ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES**

Many factors were considered by the District's administration during the process of developing the fiscal year 2014-15 Maintenance and Operations Fund budget. Among them:

- Fiscal year 2013-14 budget balance carry forward (\$996,565).
- District student population (estimated 42,600).

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)  
YEAR ENDED JUNE 30, 2014**

**ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES (Concl'd)**

Also considered in the development of the budget is the local economy and inflation of the surrounding area.

Budgeted expenditures in the General Fund increased six percent to \$225.7 million in fiscal year 2014-15. Budgeted expenditures increased due to the M&O budget override increasing from 10% to 15%. State aid and property taxes are expected to be the primary funding sources. No new programs were added to the 2014-15 budget.

**CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT**

**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2014**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The financial statements of the Chandler Unified School District No. 80 (District) have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

During the year ended June 30, 2014, the District implemented the provisions of GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*. GASB Statement No. 65 establishes accounting and financial reporting standards that reclassify, as deferred outflows of resources or deferred inflows of resources, certain items that were previously reported as assets and liabilities and recognizes, as outflows of resources or inflows of resources, certain items that were previously reported as assets and liabilities.

The more significant of the District's accounting policies are described below.

**A. Reporting Entity**

The Governing Board is organized under Section 15-321 of the Arizona Revised Statutes (A.R.S.). Management of the District is independent of other state or local governments. The County Treasurer collects taxes for the District, but exercises no control over its expenditures/expenses.

The membership of the Governing Board consists of five members elected by the public. Under existing statutes, the Governing Board's duties and powers include, but are not limited to, the acquisition, maintenance and disposition of school property; the development and adoption of a school program; and the establishment, organization and operation of schools.

The Board also has broad financial responsibilities, including the approval of the annual budget, and the establishment of a system of accounting and budgetary controls.

The financial reporting entity consists of a primary government and its component units. A component unit is a legally separate entity that must be included in the reporting entity in conformity with generally accepted accounting principles. The District is a primary government because it is a special-purpose government that has a separately elected governing body, is legally separate, and is fiscally independent of other state or local governments. Furthermore, there are no component units combined with the District for financial statement presentation purposes, and the District is not included in any other governmental reporting entity. Consequently, the District's financial statements include only the funds of those organizational entities for which its elected governing board is financially accountable. The District's major operations include education, student transportation, construction and maintenance of District facilities, food services, bookstore and athletic functions.

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)**

**B. Government-Wide and Fund Financial Statements**

The government-wide financial statements (i.e., the statement of net position and the statement of activities) present financial information about the District as a whole. The reported information includes all of the nonfiduciary activities of the District. For the most part, the effect of internal activity has been removed from these statements. These statements are to distinguish between the governmental and business-type activities of the District. Governmental activities normally are supported by taxes and intergovernmental revenues, and are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. The District does not have any business-type activities.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes, unrestricted Federal, State and County aid, and other items not included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

**C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation**

**Government-Wide Financial Statements** – The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the grantor or provider have been met. As a general rule, the effect of internal activity has been eliminated from the government-wide financial statements; however, the effects of interfund services provided and used between functions are reported as expenses and program revenues at amounts approximating their external exchange value.

**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2014**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)**

**Fund Financial Statements** – Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, and claims and judgments, are recorded only when payment is due. As permitted by generally accepted accounting principles the District applies the “early recognition” option for debt service payments. Property tax resources are provided in the Debt Service Fund during the current year for the payment of debt service principal and interest due early in the following year (less than one month). Therefore, the expenditures and related liabilities have been recognized in the current period.

Property taxes, Federal, State and County aid, tuition and investment income associated with the current fiscal period are all considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period. Food services and miscellaneous revenues are not susceptible to accrual because generally they are not measurable until received in cash. Grants and similar awards are recognized as revenue as soon as all eligibility requirements imposed by the grantor or provider have been met. Unearned revenues arise when resources are received by the District before it has legal claim to them, as when grant monies are received prior to meeting all eligibility requirements imposed by the provider and when students pay for meals in advance.

Delinquent property taxes and other receivables that will not be collected within the available period have been reported as unavailable revenues on the governmental fund financial statements.

The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Non-major funds are aggregated and presented in a single column. Fiduciary funds are reported by fund type.

The District reports the following major governmental funds:

General Fund – The General Fund is the District’s primary operating fund. It accounts for all resources used to finance District maintenance and operation except those required to be accounted for in other funds. The General Fund includes the District’s Maintenance and Operation Fund as well as the certain activities budgeted in separate funds in accordance with A.R.S. These funds are maintained as separate funds for budgetary purposes but do not meet the criteria for separate reporting in the financial statements.

**CHANDLER UNIFIED SCHOOL DISTRICT NO. 80**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2014**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)**

Debt Service Fund – The Debt Service Fund accounts for the accumulation of resources for, and the payment of, long-term debt principal, interest and related costs.

Bond Building Fund – The Bond Building Fund accounts for proceeds from District bond issues that are expended on the acquisition or lease of sites, construction or renovation of school buildings, supplying school buildings with furniture, equipment, and technology, improving school grounds, or purchasing pupil transportation vehicles.

Additionally, the District reports the following fund type:

Fiduciary Funds – The Fiduciary Funds are Agency Funds which account for resources held by the District on behalf of others. This fund type includes 1) the Student Activities Fund, which accounts for monies raised by students to finance student clubs and organizations held by the District as an agent, 2) funds that account for employee withholdings before the monies are remitted to the appropriate entities and 3) activities related to agreements with other governments where the District is the fiscal agent.

The Agency Funds are custodial in nature and do not have a measurement focus and are reported on the accrual basis of accounting. The Agency Funds are reported by fund type.

**D. Cash and Investments**

A.R.S. require the District to deposit all cash with the County Treasurer, except as discussed below. Cash with the County Treasurer is pooled for investment purposes, except for cash of the Debt Service and Bond Building Funds that may be invested separately. Interest earned from investments purchased with pooled monies is allocated to each of the District's funds based on their average balances. As required by statute, interest earnings of the Bond Building Fund are recorded initially in that fund, but then transferred to the Debt Service Fund. All investments are stated at fair value.

Statute authorizes the District to separately invest monies of the Bond Building and Debt Service Funds in the State Treasurer's investment pools; obligations issued and guaranteed by the United States or any of its agencies of instrumentalities; specified state and local government bonds and notes; and interest bearing savings accounts or certificates of deposit.

Statute authorizes the District to deposit monies of the Auxiliary Operations and Student Activities Funds in bank accounts. Monies in these funds may also be invested. In addition, statute authorizes the District to maintain various bank accounts such as clearing accounts to temporarily deposit receipts before they are transmitted to the County Treasurer; revolving accounts to pay minor disbursements; and withholdings accounts for taxes and employee insurance programs. Some of these bank accounts may be interest bearing.

**CHANDLER UNIFIED SCHOOL DISTRICT NO. 80**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2014**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)**

Statute does not include any requirements for credit risk, concentration of credit risk, interest rate risk, or foreign currency risk. Statute requires collateral for deposits of Bond Building and Debt Service Funds monies in interest bearing savings accounts and certificates of deposit at 101 percent of all deposits not covered by federal depository insurance.

**E. Investment Income**

Investment income is composed of interest, dividends, and net changes in the fair value of applicable investments. Investment income is included in other local revenue in the fund financial statements.

**F. Receivables and Payables**

Activity between funds that is representative of lending/borrowing arrangements outstanding at the end of the fiscal year is referred to as either “due to/from other funds” (i.e., the current portion of interfund loans) or “advances to/from other funds” (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as “due to/from other funds.” Interfund balances between governmental funds are eliminated in the Statement of Net Position.

All receivables, including property taxes receivable, are shown net of an allowance for uncollectibles.

**G. Property Tax Calendar**

Property tax levies are calculated by applying tax rates against both the primary assessed valuation and the secondary assessed valuation. Primary and secondary valuation categories are composed of the exact same properties. However, the primary category limits the increase in property values to 10 percent from the previous year, while there is no limit to the increase in property values for secondary valuation. Override and debt service tax rates are applied to the secondary assessed valuation and all other tax rates are applied to the primary assessed valuation.

The County levies real property taxes on or before the third Monday in August, which become due and payable in two equal installments. The first installment is due on the first day of October and becomes delinquent after the first business day of November. The second installment is due on the first day of March of the next year and becomes delinquent after the first business day of May. The billings are considered past due after these dates, at which time the applicable property is subject to penalties and interest.

**CHANDLER UNIFIED SCHOOL DISTRICT NO. 80**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2014**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)**

The County also levies various personal property taxes during the year, which are due the second Monday of the month following receipt of the tax notice, and become delinquent 30 days thereafter.

Pursuant to A.R.S., a lien against assessed real and personal property attaches on the first day of January preceding assessment and levy; however according to case law, an enforceable legal claim to the asset does not arise.

**H. Inventory**

All general supplies inventories are valued at cost using the average cost method. Inventories of the Food Service Fund are valued at cost using the first-in/first-out (FIFO) method. Inventories consist of expendable supplies held for consumption. Inventories are recorded as expenses when consumed on the government-wide financial statements and as expenditures when purchased on the fund financial statements.

The United States Department of Agriculture (USDA) commodity portion of the food services inventory consists of food donated by the USDA. It is valued at estimated market prices paid by the USDA.

**I. Prepaid Items**

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. Prepaid items are recorded as expenses when consumed in the government-wide financial statements and as expenditures when purchased in the fund financial statements.

**J. Capital Assets**

Capital assets, which include land and improvements; buildings and improvements; vehicles, furniture, and equipment; and construction in progress, are reported in the government-wide financial statements.

Capital assets are defined by the District as assets with an initial, individual cost in excess of \$5,000 and an estimated useful life of more than one year. Such assets are recorded at historical cost, or estimated historical cost if actual historical cost is not available. Donated capital assets are recorded at the estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the life of the asset are not capitalized.

**CHANDLER UNIFIED SCHOOL DISTRICT NO. 80**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2014**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)**

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

|                                   |             |
|-----------------------------------|-------------|
| Land improvements                 | 20 years    |
| Buildings and improvements        | 10-50 years |
| Vehicles, furniture and equipment | 5-25 years  |

**K. Deferred Outflows/Inflows of Resources**

In addition to assets, the statement of financial position may report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of financial position may report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time.

**L. Compensated Absences**

The District's employee vacation and sick leave policies generally provide for granting vacation and sick leave with pay in varying amounts. Only benefits considered vested are recognized in the financial statements. The liability for vacation and sick leave is reported in the government-wide financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee leave, resignations and retirements. Generally, resources from the General Fund are used to pay for compensated absences.

**M. Long-term Obligations**

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities on the statement of net position. Bond premiums and discounts, as well as the difference between the reacquisition price and the net carrying amount of the old debt, are deferred and amortized over the life of the bonds using the straight-line method over the term of the related debt.

**CHANDLER UNIFIED SCHOOL DISTRICT NO. 80**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2014**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Concl'd)**

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

**N. Interfund Activity**

Flows of cash from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers between governmental funds are eliminated in the Statement of Activities. Interfund transfers in the fund financial statements are reported as other financing sources/uses in governmental funds.

**O. Net Position Flow Assumption**

In the government-wide fund financial statements the District applies restricted resources first when outlays are incurred for purposes for which either restricted or unrestricted amounts are available.

**P. Estimates**

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

**NOTE 2 – FUND BALANCE CLASSIFICATIONS**

Fund balances of the governmental funds are reported separately within classifications based on a hierarchy of the constraints placed on the use of those resources. The classifications are based on the relative strength of the constraints that control how the specific amounts can be spent. The classifications are nonspendable, restricted, and unrestricted, which includes committed, assigned, and unassigned fund balance classifications.

***Nonspendable.*** The nonspendable fund balance classification includes amounts that cannot be spent because they are not in spendable form, or legally or contractually required to be maintained intact.

**CHANDLER UNIFIED SCHOOL DISTRICT NO. 80**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2014**

**NOTE 2 – FUND BALANCE CLASSIFICATIONS (Cont'd)**

***Restricted.*** Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or is imposed by law through constitutional provisions or enabling legislation.

***Committed.*** The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by formal action of the Governing Board. Those committed amounts cannot be used for any other purpose unless the Governing Board removes or changes the specified use by taking the same type of action it employed to previously commit those amounts. The District does not have a formal policy or procedures for the utilization of committed fund balance, accordingly, no committed fund balance amounts are reported.

***Assigned.*** Amounts in the assigned fund balance classification are intended to be used by the District for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the General Fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the General Fund, assigned amounts represent intended uses established by the Governing Board or a management official delegated that authority by the formal Governing Board action. The Board delegated the responsibility to the Chief Financial Officer by adopting a formal policy.

***Unassigned.*** Unassigned fund balance is the residual classification for the General Fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts had be restricted, committed, or assigned.

The District applies restricted resources first when outlays are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

**NOTE 2 – FUND BALANCE CLASSIFICATIONS (Concl'd)**

**NOTE 4 – CASH AND INVESTMENTS**

*Custodial Credit Risk – Deposits.* Custodial credit risk is the risk that in the event of bank failure the District’s deposits may not be returned to the District. The District does not have a deposit policy for custodial credit risk. At year end, the carrying amount of the District’s deposits was \$2,263,391 and the bank balance was \$5,212,800. At year end, \$4,956,229 of the District’s deposits were covered by collateral held by the pledging financial institution in the District’s name. In addition, the District had \$8,080 of cash on hand at year end.

The County Treasurer’s pool and the Arizona School Risk Retention Trust Investment Pool are external investment pools with no regulatory oversight. The pools are not required to register (and are not registered) with the Securities and Exchange Commission. The fair value of each participant’s position in both the investment pools approximates the value of the participant’s shares in the pool and the participants’ shares are not identified with specific investments.

At year end, the District’s investments consisted of the following.

|   | <u>Average Maturities</u> | <u>Fair Value</u>     |
|---|---------------------------|-----------------------|
| County Treasurer’s investment pool                  | 374 days                  | \$ 146,530,903        |
| Arizona School Risk Retention Trust Investment Pool | 505 days                  | 2,109,599             |
| Total   |                           | <u>\$ 148,640,502</u> |

*Interest Rate Risk.* The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

*Credit Risk.* The District has no investment policy that would further limit its investment choices. As of year end, the District’s investment in the County Treasurer’s investment pool did not receive a credit quality rating from a national rating agency. Investments held in the Arizona School Risk Retention Trust Investment Pool were rated between A and AA+ by Standard and Poor’s.

*Custodial Credit Risk - Investments.* The District’s investment in the County Treasurer’s investment pool and the Arizona School Risk Retention Trust Investment Pool both represent a proportionate interest in the applicable pool’s portfolio; however, the District’s portion is not identified with specific investments and is not subject to custodial credit risk.

**Construction Commitments** – At year end, the District had contractual commitments related to various capital projects for the construction of parking lots and roofing projects at several schools. At year end, the District had spent \$8,172,623 on the projects and had estimated remaining contractual commitments of \$8,956,475. These projects are being funded with bond proceeds.

**NOTE 7 – SHORT TERM DEBT**

**Tax Anticipation Notes** - In July 2013, the District issued \$35,000,000 in tax anticipation notes in advance of property tax collections, depositing the proceeds in the General Fund. These notes are necessary to provide cash flow as most tax revenue is collected in November and May. Property tax revenues of the General Fund will be used to repay these notes in July 2014. Short-term debt activity for the current fiscal year, was as follows.

|                        | Beginning<br>Balance | Issued        | Redeemed      | Ending<br>Balance |

In prior years, the District defeased certain general obligation and other bonds by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on the defeased bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the District's financial statements. At year end, \$29,670,000 of defeased bonds are still outstanding.

**NOTE 10 – INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS**

At year end, interfund balances were as follows.

**Due to/from other funds:**

|                            |                                    |

| Total Due from Other Funds | \$ 1,417,160                       |

At year end, several funds had negative cash balances in the Treasurer’s pooled cash accounts. Negative cash on deposit with the County Treasurer was reduced by interfund borrowing with other funds. All interfund balances are expected to be paid within one year.

**Interfund transfers:**

|                              | Transfers in    |                         |                                    |              |

Transfers between funds were used to (1) move investment income earned in the Bond Building Fund that is required by statute to be expended in the Debt Service Fund, (2) move Federal grant funds restricted for indirect costs, and 3) close out soft capital allocation fund.

**NOTE 11 – CONTINGENT LIABILITIES**

**Compliance** – Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures/expenses that may be disallowed by the grantor cannot be determined at this time, although the District expects such amounts, if any, to be immaterial.

**Lawsuits** – The District is a party to a number of various types of lawsuits, many of which normally occur in governmental operations. The ultimate outcome of the actions is not determinable, however, District management believes that the outcome of these proceedings, either individually or in the aggregate, will not have a materially adverse effect on the accompanying financial statements.

**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2014**

**NOTE 11 – CONTINGENT LIABILITIES (Concl'd)**

**Arbitrage** – Under the Tax Reform Act of 1986, interest earned on the debt proceeds in excess of interest expense or expenditure prior to the disbursement of the proceeds must be rebated to the Internal Revenue Service (IRS). Management believes there is no tax arbitrage rebate liability at year end.

**Lease-To-Own Agreement** – The Arizona School Facilities Board (SFB) entered into lease agreements to finance the costs of the District's new school facilities pursuant to A.R.S. 15-2004, 15-2005 and 15-2006. The SFB lease agreements cover two high schools, one junior high school, and five elementary schools. The SFB is required to make all lease payments, however if the SFB does not make the lease payments, the District has the option to make the payments on behalf of the SFB to ensure the facilities do not revert back to the lessor.

**NOTE 12 – RISK MANAGEMENT**

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. To obtain access to professional management services and reinsurance and to achieve greater economies of scale, the District joined the following pools described below.

The District joined the Arizona School Risk Retention Trust, Inc. (ASRRT). ASRRT is a public entity risk pool currently operating as a common risk management and insurance program for school districts and community colleges in the State. The District pays an annual premium to ASRRT for its general insurance coverage. The agreement provides that ASRRT will be self-sustaining through member premiums and will reinsure through commercial companies for claims in excess of specified amounts.

The District's employees have health and accident insurance coverage with the Valley Schools Employee Benefit Trust (VSEBT). VSEBT is a public entity risk pool currently operating as a common risk management and insurance program for school districts in the State. The District pays a monthly premium to VSEBT for employees' health and accident insurance coverage. The agreement provides that VSEBT will be self-sustaining through members' premiums and will reinsure through commercial companies for claims in excess of specified amount for each insured event.

The District joined the Arizona School Alliance for Workers' Compensation, Inc. (Alliance) together with other school districts in the state for risks of loss related to workers' compensation claims. The Alliance is a public entity risk pool currently operating as a common risk management and insurance program for school districts in the State. The District pays quarterly premiums to the Alliance for its employee workers' compensation coverage. The agreement provides that the Alliance will be self-sustaining through members' premiums and will reinsure through commercial companies for claims in excess of specified amounts for each insured event.

**NOTE 13 – PENSIONS AND OTHER POSTEMPLOYMENT BENEFITS**

The District contributes to the Arizona State Retirement System (ASRS). The ASRS administers a cost-sharing, multiple-employer defined benefit pension plan; a cost-sharing, multiple-employer defined health insurance premium plan; and a cost-sharing, multiple-employer defined benefit long-term disability plan that covers employees of the State of Arizona and employees of participating political subdivisions and school districts. The ASRS is governed by the Arizona State Retirement System Board according to the provisions of A.R.S. Title 38, Chapter 5, Article 2.

**Plan Description** – Benefits are established by state statute and the plan generally provides retirement, long-term disability, and health insurance premium benefits, including death and survivor benefits. The retirement benefits are generally paid at a percentage, based on years of service, of the retirees’ average compensation. Long-term disability benefits vary by circumstance, but generally pay a percentage of the employee’s monthly compensation. Health insurance premium benefits are paid as a fixed dollar amount per month towards the retiree’s healthcare insurance premiums, in amounts based on whether the benefit is for the retiree or for the retiree and his or her dependents.

The ASRS issues a comprehensive annual financial report that includes financial statements and required supplementary information. The most recent report may be obtained by writing the ASRS, 3300 North Central Avenue, P.O. Box 33910, Phoenix, Arizona 85067-3910 or by calling (602) 240-2000 or (800) 621-3778. The report is also available on the ASRS’ website at [www.azasrs.gov](http://www.azasrs.gov).

**Funding Policy** – The Arizona State Legislature establishes and may amend active plan members’ and the District’s contribution rates. For the current fiscal year, active ASRS members were required by statute to contribute at the actuarially determined rate of 11.54 percent (11.3 percent for retirement and 0.24 percent for long-term disability) of the members’ annual covered payroll and the District was required by statute to contribute at the actuarially determined rate of 11.54 percent (10.7 percent for retirement, 0.60 percent for health insurance premium, and 0.24 percent for long-term disability) of the members’ annual covered payroll.

The District’s contributions for the current and two preceding years, all of which were equal to the required contributions, were as follows.

**NOTE 14 – OTHER POSTEMPLOYMENT BENEFITS – SINGLE EMPLOYER PLAN**

**Plan Description** – Under authority of the Governing Board, the District provides postretirement insurance (health and dental) benefits, for certain retirees and their dependents, in accordance with the Employee Retirement Postemployment Plan. The plan is a single-employer defined benefit plan administered by the District. The plan provides medical and dental coverage for eligible retirees, their spouses and dependents and premium subsidies to retirees. To be eligible for District-paid benefits, an individual must have been hired by the District prior to July 1, 1999, completed at least 20 years of full-time employment with the District, and either attained age 55 or completed 80 points under the Arizona State Retirement System (ASRS). The retiree must also have not yet reached the age for commencement of Medicare benefits (age 65) at the time of retirement. The plan does not issue an annual financial report and it is not included in the reports of any other retirement system or entity. While covered payroll amounts are presented later in this Note, the benefit amount is not dependent on a retiree’s covered payroll amount and is derived instead as follows: For the first 18 months after retirement, an eligible retiree must elect to be covered under one of the District’s three medical plan options. The District pays retiree premiums, net of \$150 ASRS subsidy, with the balance after the District’s contribution, if any, being the responsibility of the retiree. After 18 months, the retiree must transfer to ASRS in order to continue to receive a District contribution. The District then pays a monthly healthcare subsidy of \$250 to the retiree until age 65. Effective July 1, 2009, future retirees may not remain on the District medical and dental plans, they must move to another carrier. For the current fiscal year, the District contributed \$394,337 for these benefits. The District’s regular insurance providers underwrite the retiree policies. Retirees may not convert the benefit into an in-lieu payment to secure coverage under independent plans. The number of participants as of the effective date of the biannual OPEB valuation, follows.

|                   |                     |
|-------------------|---------------------|
|                   | <u>Participants</u> |

| Retired employees | <u>152</u>          |
| Total             | <u><u>680</u></u>   |

**Funding Policy** – The District currently pays for postemployment benefits on a pay-as-you-go basis. These financial statements assume that pay-as-you-go funding will continue. Generally, resources from the General Fund are used to pay for postemployment benefits.

**Annual OPEB Cost and Net OPEB Obligation** – The District’s annual OPEB cost is calculated based on the annual required contribution (ARC) of the District, an amount actuarially determined in accordance with the parameters of GASB Statement No. 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal costs each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed 30 years. The following table shows the components of the District’s annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the District’s net OPEB obligation.

**NOTE 14 – OTHER POSTEMPLOYMENT BENEFITS – SINGLE EMPLOYER PLAN  
(Cont'd)**

**Actuarial Methods and Assumptions** – Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit cost between the employer and plan members to that point. The projection of future benefit payments involves estimates of the value of reported amounts and assumptions about the probability of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations. Amounts determined and the funded status of the plan and the annual required contributions of the District are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The more significant actuarial assumptions and methods used in the calculation of the employer contributions for the current fiscal year were as follows.

|   |   |
|---|---|
| Valuation date  | July 1, 2013  |
| Actuarial cost method                                 | Projected Unit Credit                                 |
| Amortization method for actuarial accrued liabilities | 30 year level dollar, open period                     |
| Remaining amortization period                         | 29 years as of June 30, 2014                          |
| Interest rate   | 4.00%   |
| Inflation rate  | N/A   |
| Projected salary increases                            | N/A   |
| Health care cost trend rate:                          |   |
| Medical and Prescription Drug                         | 8% graded down to an ultimate rate of 5% over 3 years |
| Retiree contribution increase                         | Consistent with medical/drug trends                   |
| ASRS subsidy increases                                | None  |
| Cost of living adjustments                            | N/A   |

The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

**NOTE 15 – SUBSEQUENT EVENTS**

In July 2014, the District issued \$40 million of tax anticipation notes in advance of property tax collections, depositing the proceeds in its General Fund.

In December 2014, the District entered into a \$43.8 million lease-purchase financing arrangement to construct a new elementary school and a new high school.

**NOTE 16 – NEW ACCOUNTING PRONOUNCEMENT**

GASB Statement No. 68, *Accounting and Financial Reporting for Pensions* will be effective for the District's June 30, 2015 fiscal year end. This Statement replaces the requirements of prior GASB standards for pensions accounting and reporting. This Statement requires governments providing defined benefit pensions to recognize the long-term obligation for pension benefits as a liability, and to more comprehensively and comparably measure the annual costs of pension benefits. Each employer participating in a multiple-employer defined benefit pension plan will be required to record a liability representing their "proportionate share" of the plan's total net pension liability. This Statement also enhances accountability and transparency through revised note disclosures and new required supplementary information.

**NOTE 1 – BUDGETARY BASIS OF ACCOUNTING**

The District budget is prepared on a basis consistent with accounting principles generally accepted in the United States of America, except for the following items.

- Certain activities reported in the General Fund are budgeted in separate funds in accordance with Arizona Revised Statutes.
- Prepaid items are budgeted in the year prepaid.

The following schedule reconciles expenditures and fund balances at the end of year.
