

## AP Calculus AB/BC

### CLASSROOM RULES:

To maintain an optimal learning atmosphere, the following rules will be enforced:

- Be on time! We have much to cover. Please come prepared with a positive attitude, ready to learn and work together.
- Come prepared with all materials required.
- Make a note of the questions of the homework that you need help on the board.
- If you know to solve any of the homework questions on board, come up and solve them (every time you solve a problem and explain to your classmates you earn an extra credit)
- Start with warm up (whenever given) as soon as you come in.
- Have your homework turned in/uploaded on OneNote before you come in to the classroom.
- Be respectful to your classmates and teacher.
- Respect school rules and property.
- No cellphones allowed in classroom until specified by teacher
- Keep the classroom clean.

CONSEQUENCES: - choosing to ignore the class rules will result in:

- ◆ 1st offense = Verbal warning
- ◆ 2nd offense = meet me after class or during lunch
- ◆ 3rd offense = call home
- ◆ 4th offense = referral, sent to office
